DESCRIPTORS Maps; *Migrant Education; *Migrant Programs; Personnel Data; *Regional Programs; School Personnel; *Secondary Education; *State Programs; *Summer Programs
IDENTIFIERS *California

ABSTRACT

A 1983 directory of California migrant summer secondary programs contains listings for schools in 79 communities; emphasis is on secondary education, although listings are also given for some junior high and grade schools that may serve grades 9-12 through PASS (Portable Assisted Study Sequence). A map of counties is given for each of 11 California regions, followed by information on area divisions within the regions, including, for most regions, operating agency, school district and site, address, grades served, dates of programs, director, and contact person if any. Regional maps note which programs are direct-funded and give names, addresses, and telephone numbers of regional administrators. Schools are listed alphabetically by city. The cover of the directory is a map from California's master plan for migrant eduction, showing operating agencies and giving names, addresses, and telephone numbers of contact persons for regional and direct-funded programs.
